PACE HOSPITAL MANAGEMENT SOFTWARE

WHO WE ARE

We take pleasure in introducing ourselves as Software Consultants with a knack for technical expertise and diverse knowledge and experience at the same time. In the last 20 years, we have specialized in the HOSPITAL DOMAIN and have carved out a niche for ourselves in every single department, be it, administration, reception, pharmacy, pathology, radiology, drug formulations, HR, equipment management, materials management stores, CSSD, Analysis MIS and what not. Our softwares are running at several hospitals year after year for the last 20 years. So this expertise is also backed by consistency and sincerity, again a rare thing to find in this industry where rolling is very fast.

We operate on the mantras "**Think Global and Act Local**" & "**The show must go on**".

We have been selected by CIO review - TOP 20 best HIMS in the country, the details of which can be read in the May'18 edition of the magazine and elisting on page 16 of link <https://www.cioreviewindia.com/magazines/hims-special-may-2018/> and special feature on our company on page 26.

PACE HIMS ERP

PACE HIMS ERP software is indigenously designed and developed in our development centre and running at several large and medium sized medical establishments. We implement the software on floor with proper handholding, working in close coordination with your project manager to create a robust and accurate master data and implement departmentwise upto go-live. This software can run online as well as offline and can be accessed from anywhere.
